Funding 9 months+

At this time I am unsure how working parents/carers apply for the 15 hours funded childcare but will advise you further when details are known.

All places are subject to availability.

If your child attends nursery, term time only, for more hours than their free early years education entitlement, you are required to pay a retainer of £5.00 per week to cover the school holiday periods. (This does not apply if your child attends for their free early years education entitlement only)

If Nursery children require a place during school holidays the charges are as above **without** the deduction of their free entitlement. If you require your child to attend any sessions, outside of the pre-allotted times, there will be a charge of £7.00/£7.70 per hour or part thereof (dependent on the room your child is in).

Castle Hill Village Nursery

5 February 2024

Dear Parent/Carer

As you are aware from April 2024 there will be significant changes to early years funding. Working parents of 2-year olds will be entitled to 15 hours funded childcare, from April, and working parents of babies 9 months+ will be entitled to 15 hours funded childcare from September.

The last year has seen significant increases in costs in all areas of the nursery and I am aware that you as parents/carers have also been impacted by the current cost of living crisis. The percentage pay rise applied to the minimum wage alone, 9.8% from April 2024, has meant I have had to increase fees by an amount that is at least equivalent to this. The financial pressures faced by us, and other nurseries, has been widely documented in the news. Many nurseries have closed and there is a possibility that many more will do so, unless an appropriate level of funding is given to support us as part of the government's commitment to provide affordable childcare.

I hope this year's fee increase will mean Castle Hill Village Nursery remains financially viable and that we are able to continue to offer places to parents/carers in Folkestone and the surrounding areas. As in previous years our fees remain comparable, and cheaper in some instances, than those currently charged at other local nurseries and reflect value for money, for our 'GOOD' nursery setting.

Please find attached to this letter the revised fees that will come into effect on 1 April 2024. The fees will cover, in part, some of the increased costs the Nursery has.

As there is a 'staggered' roll out of childcare funding, for working parents, the percentage increase in fees for children in the Baby room is less than the other rooms for the period April to August 2024. I have made this decision to try to limit the financial impact pending the introduction of funding in September 2024.

Please find below some other information relating to Castle Hill Village Nursery:

- If you wish to change your child's sessions or if your child moves rooms it may not be possible for the amendment to be shown on your current invoice. An amendment will be made to your account to reflect the change and confirmation will be sent to this effect
- If your child is accessing early years education entitlement you will soon receive a new Parental Declaration Form that will need to be signed
- Fees are still payable should your child be absent through illness
- If you experience difficulty paying fees please ensure you advise the Nursery supervisor as soon as possible to avoid further action being taken
- Castle Hill Village Nursery is a 'not for profit' Community Interest Company

I would like to thank you for your continued support of Castle Hill Village Nursery and if you have any questions regarding any aspect of the Nursery, please do not hesitate to contact the Nursery Manager in the first instance.

Yours faithfully
